Medal of Honor

The Medal of Honor is the highest honor the United States can bestow on members of its Armed Forces. It is presented by the President in the name of Congress, and is awarded 'for conspicuous gallantry and intrepidity at the risk of life, above and beyond the call of duty, in action involving actual conflict with an opposing armed force.' One of the nation's oldest commendations, the Medal of Honor was established during the Civil War administration of Abraham Lincoln. (The first Medal was presented in 1863 to Army Private Jacob Parrot who, along with a small group of other Union soldiers, penetrated deep behind Confederate lines to destroy part of a railroad.) At the dawn of the 21st Century, after millions had served their country, only 3,433 Medals had been authorized.

About the Congressional Medal of Honor Society

The Medal of Honor Society was formed in 1946 to perpetuate and uphold the integrity of the Medal of Honor and to help the Medal of Honor recipients. On April 12, 1957, the 85th Congress passed legislation incorporating the Medal of Honor Society into the Congressional Medal of Honor Society (CMOHS) and was signed into law by President Eisenhower on August 5, 1958.

There are no 'winners' of the Medal of Honor, only recipients. The CMOHS teaches young people that the Medal of Honor is about the potential, which exists within each of them to do something extraordinary if time and events so conspire - it is about ordinary people doing what other deem to be extraordinary. The Medal is worn as a reminder to everyone that many have served and received no recognition in spite of merit.

About the Congressional Medal of Honor Society (cont')

The Society encourages every American to conduct themselves in such a manner that is worthy of the sacrifices made by those who did not return from the field of battle. DreamWorks interactive and Electronic Arts are privileged to be partnered with CMOHS in the Society's continuing education and awareness efforts. You can learn more about the Society and the recipients at the Society website, located at www.cmohs.org.

Legion of Honour

Napoleon Bonaparte established France's Légion d'honneur when he was First Consul in 1802 to acknowledge outstanding military and civil merits in the service of France. It is currently France's premiere order and awarded for gallantry in action or for distinguished military or civilian service during peacetime to both French people as well as foreigners. The distinction of Légion d'honneur is divided into three grades: Knight, Officer and Commander, as well as two ranks: Grand Officer and Grand Cross. The Head of State is Grand Master by right, but it is the High Chancellor, named for six years, who administers the activities of the institution.

The first ceremony in which Napoleon bestowed the Légion d'honneur took place in the Invalides church in Paris on July 15th, 1804. During the ceremony, eminent civilian personalities received the Legion of Honour from the hands of their Emperor.
